

TONG CARNIVAL CONTEST

This one-off competition was held in 1907. The winners were Crosland Moor United and one of the winners' medals is shown here. The hallmarks on the reverse indicate 9 carat gold, assayed in Birmingham in 1907 ('h'). The medals on the shields at the front of the table show that this was not the first win for the band. The maker's mark is not easily legible, but may be Fattorini & Sons of Bradford.
